

# MATERIAL SAFETY DATA SHEET

104 Webster Building  
3411 Silverside Road  
Wilmington, Delaware 19810-4806  
(302) 478-0768

## CHEMTREC 24-HOUR EMERGENCY RESPONSE

TOLL FREE NUMBER: (800) 424-9300

INTERNATIONAL CALLS: COLLECT (202) 483-7616

CHEMTREC should only be contacted in the event of chemical emergencies involving a spill, leak, fire, exposure, or accident involving chemicals.

## 1. PRODUCT IDENTIFICATION

(Produced in Brazil)

Product Names	Synonym	CAS Number	Use
Resipoly RD2	Polymerized Gum Rosin	65997-05-9	Varied applications

## 2. HAZARDOUS INGREDIENTS

Hazardous Components	%	OSHA PEL	ACGIH TLV	Other Limits
N/A		N/A	N/A	N/A

## 3. PHYSICAL/CHEMICAL CHARACTERISTICS

<b>Boiling Point:</b> (100 mm Hg)	Over 260°C	<b>Odor:</b>	Resin odor
<b>Acid Number:</b> (mgKOH/g)	80 – 140 (120 is typical)	<b>Color:</b>	Brown to Black
<b>Specific Gravity:</b> (H <sub>2</sub> O = 1)	1.07 ± 0.01	<b>Softening Point:</b> (Ring & Ball)	100°C-145°C (120°C is typical)
<b>Vapor Density:</b> (Air = 1)	N/A	<b>Refractive Index:</b> (@ 20°C)	N/A
<b>Solubility in Water:</b>	Not soluble	<b>Percentage Volatile by Volume: (@ 25°C)</b>	Negligible

## 4. FIRE & EXPLOSION HAZARD DATA

**Flash Point:** Above 400°F (COC)

**Identification No.:** N/A

**Extinguishing Media:** Water Fog/Spray, Regular Foam, CO<sub>2</sub>, Dry Chemical (Class B)

**Flammable Limits:** Not Available

(% by volume)

**Special Fire Fighting Procedures and Equipment:** As with any fire situation, full face, self-contained breathing apparatus and appropriate clothing should be worn.

**NFPA Codes:** Health: 0 Fire: 1 Reactivity: 0

(Degree of Hazard: 4=Extreme 3=High 2=Moderate 1=Slight 0=Insignificant)

**Unusual Fire & Explosion Hazards:** Flammable when finely divided and suspended in air. **CAUTION:** Do NOT use crushed or flaked gum rosin in "hot-melt" adhesive applications without special precautions.

**DOT Hazard Class:** Non-hazardous, non-regulated. Class 65.

## 5. HEALTH HAZARD DATA

**Carcinogenicity:** No

**NTP:** N/A

**OSHA:** N/A

**IARC:** N/A

**Signs and Symptoms of Acute  
and Chronic Exposure:**

Probably not toxic. Breathing heavy concentrations of dust should be avoided. Respirators are indicated for prolonged contact with heavy dust concentrations.

---

**5. HEALTH HAZARD DATA (Continued)****Primary Routes****of Entry:** When in dust form, by inhalation and absorption.**Medical Conditions Aggravated:** Irritation can occur to eyes, skin and upper respiratory system if material is in a dust form.**EMERGENCY AND FIRST AID PROCEDURES:**

**Skin Contact:** Wash affected area with copious amounts of soap and water. MOLTEN RESINS: If molten material comes in contact with the skin, cool under a running stream of water. DO NOT attempt to remove the resin from the skin. Removal could result in severe tissue damage. Get medical attention.

**Eye Contact:** Remove any contact lenses at once. Flush eyes well with large quantities of water for at least 15 minutes. See a physician immediately.

**Accidental Ingestion:** DO NOT induce vomiting. Call a physician. NOTE TO PHYSICIAN: No specific antidote. Supportive care. Treatment based on judgement of the physician in response to reactions of the patient.

**Inhalation:** If symptoms of overexposure are experienced, evacuate to fresh air. If symptoms persist, seek medical attention.

---

**6. REACTIVITY DATA****Stability:** Stable under ordinary conditions of use and storage.**Hazardous Decomposition****Products:** Thermal degradation produces carbon oxides.**Hazardous Polymerization:** Will not occur.**Incompatibilities:** Avoid strong oxidizing agents.

---

**7. SPILL OR LEAK PROCEDURES****Steps to be Taken in Case Material is Released or Spilled:** If material is not contaminated, sweep and scoop into clean containers for use. If contaminated, sweep up and scoop into containers for disposal.**Waste Handling & Disposal Method:** Dispose of in accordance with Federal, State and Local environmental regulations. This product does not constitute a hazardous waste problem.

---

**8. OCCUPATIONAL PROTECTIVE MEASURES****Respiratory Protection:** Not normally needed in well ventilated areas. If dust concentration is high, use NIOSH-approved respiratory protection device.**Ventilation:** General mechanical ventilation (to reduce fumes).**Protective Gloves:** Neoprene or Rubber.**Eye Protection:** OSHA-approved safety glasses with side shields.**Other Protective Equipment:** Eye bath and safety shower.**Work/Hygienic Practices:** Good personal hygiene practices should be used. Wash after any contact, before eating, and at the end of the work period.

---

**9. SPECIAL PRECAUTIONS****Handling and Storage Precautions:** Store in sealed containers to preserve quality. Store in closed containers away from heat or sources of ignition and oxidizing materials. Protect against physical damage to containers. Avoid inhalation of dust and contact with skin and eyes. May form Flammable Dust/Air mixtures.**Inventory Control:** Use oldest material first.

**10. ENVIRONMENTAL AND REGULATORY DATA**

The following environmental and regulatory data are provided to assist users of this product in defining their regulatory environmental compliance obligations. Most resins produced from rosin are biologically inert and have a low order of toxicity. The extended use of these materials in printed inks has produced no ill effects from oral or dermal toxicity and meet FDA requirements for use in food packaging and as components of chewing gum, soft drinks, citrus coatings, flavoring compounds, rubber goods and many others.

**SARA TITLE III** (See footnotes):

SEC. 304 EHS RQ (lbs)	SEC. 302 EHS TPQ (lbs)	SEC. 311/312 Hazard Category	SEC. 313 Toxic Chemical (Yes, No)
N/A	N/A	NHH, NPH	NO

**CERCLA** (40 CFR 302.4 HAZARDOUS SUBSTANCE & REPORTABLE QUANTITIES):

This product does NOT contain any hazardous substances listed in 40 CFR 302.4.

**CALIFORNIA PROP. 65**

Resins based on rosin-derived resins are NOT listed on California's Prop. 65 toxic substance list.

**RCRA INFORMATION:**

This product is not listed in federal hazardous waste regulation 40 CFR 261.33, paragraph (e) or (f), i.e., chemical products that are considered hazardous if they become wastes. It does not exhibit any of the hazardous characteristics listed in 40 CFR 261, Subpart C. State or local hazardous waste regulations may apply if they are different from the federal regulation.

**ODC STATUS:**

The components of this product are NOT found to contain any ozone depleting compounds since rosin by definition is non-volatile resinous material and hydrogenation only alters the double-bond system of the rosin.

**TSCA STATUS:**

The components of this product are included on the EPA TSCA Chemical Substance Inventory.

**DSL STATUS:**

The components of this product are included on Canada's Domestic Substance List.

**CANADIAN WHMIS:**

The components of this product are classified as a NON-CONTROLLED PRODUCT according to our interpretation of the amendments to the Hazardous Products Acts.

**FOOTNOTES:**

SEC. 302 — Threshold Planning Quantity, Extremely Hazardous Substance (EHS) (40 CFR 355 Emergency Planning and Notification regulations)

N/A: This chemical is not an EMS. Therefore, there is no Threshold Planning Quantity (TPQ).

SEC. 304 — Reportable Quantity for Releases of an EMS (40 CFR 355, Appendix A)

N/A: This chemical is not an EMS. Therefore, there is no Reportable Quantity (RQ).

SEC. 311/312 — 40 CFR 370 Hazardous Chemical Reporting Requirements "Hazard Categories"

HC-1 Immediate (acute) health hazard

HC-2 Delayed (chronic) health hazard

HC-3 Fire hazard

HC-4 Sudden release of pressure hazard

HC-5 Reactive hazard

NHH-Not a health hazard/NPH-Not a physical hazard

The information contained herein is based on data considered to be accurate and reliable. No warranty is expressed or implied regarding the accuracy or correctness of this data. It is the user's obligation to determine the safe use of the product since conditions of use, handling, storage and disposal are beyond our control.
